

MFA is a leading ag retailers with the vision to help farmers succeed.

We have retail locations in 130 towns in the Midwest. MFA has always had a strong commitment to supporting our local communities.

MADE FOR AGRICULTURE

MFA Incorporated is a cooperative built *by farmers for farmers*.

We provide a full range of value-added products, services and expertise to help farmers. MFA is a primary manufacturer of livestock feed and supplier of seed, plant foods and crop protection products. We are a full-line supplier of name brand products for all major row crops and most specialty crops.

From grain marketing to crop insurance and from precision agriculture services to herd management tools, MFA is dedicated to partnering with farmers. Our goal is to help each farm reach its full potential.

To get there, we provide employees with continuous training to keep them at the forefront of the industry and support them with staff of agronomists, veterinarians and nutritionists.

At MFA, we measure our success by success on the farm.
